The city of Torrevieja is located on the Costa Blanca. It has an excellent sunny climate and stunning beach areas. There are 320 sunny days a year, while in winter the temperature rarely drops below 10 °C and in summer it stays between 25 and 30 °C. The city borders not only the Mediterranean Sea, but also two salt lakes: pink - Salinas de Torrevieja and emerald - Salada de la Mata, whose water and mineral mud are not inferior in composition and popularity to the Dead Sea. Hundreds of people come here just to swim in these lakes. Thanks to these lakes, a unique climate has been formed in...(Ask for More Details!)
