SOLAR EAST Plot with SOUTH orientation and sea views. Its ascending topography allows by regulation that the garages (and other rooms of the homes) are at street level (level 0), and the main floor of the homes at 3 m above the street, which benefits both the views and the privacy of the homes located on level 1. which is, I repeat, 3 meters above the street. The plot is on the corner and therefore have 3 facades and a single party wall. The house has an attractive double-height living room, kitchen, hallway, bathroom and two bedrooms. On level 0 (at street level) it has a large garage for two...(Ask for More Details!)
