CENTRAL PLOT Plot with SOUTH orientation and sea views. Its ascending topography allows by regulation that the garages (and other rooms of the homes) are at street level (level 0), and the main floor of the homes at 3 m above the street, which benefits both the views and the privacy of the homes located on level 1. which is, I repeat, 3 meters above the street. The central plot is located between the previous ones and therefore has 2 facades and 2 party walls. The house has an attractive double-height living room, kitchen, hallway, bathroom and two bedrooms. On level 0 (at street level) it has a large...(Ask for More Details!)
